

## PROFI 104 (PB-PC104-S)

1-channel, slave

Part No.MPSF-PB-IF-PC104-S

### Area of application

Active, one-channel PC/104 interface card to operate a PC as a PROFIBUS slave.

### Functions

- Active card with its own microcontroller
- API for DP Slave
- Drivers for Windows 7, Vista, XP, 2000, Linux drivers for Kernel 2.6
- DOS driver
- The following realtime environments are supported:
  - Ardence RTX for Windows XP/2000
  - Windows CE .NET 4.0, 4.1, 4.2 and 5.0
  - Windows Embedded CE 6.0
  - QNX (as option, not as free download)

### Highlights

- Fast and easy integration
- Vast selection of drivers
- Ideally suited even for demanding applications

### Included in package

- PROFI 104 (1-channel, slave)
- Free driver download

### Additional information

- Technical data PROFIBUS Interface cards 
- Product information PROFIBUS interface cards 
- PNO certificate for slave 

Downloads (free demo software, drivers etc.)
